

What we do

Weybridge Society works to look after the interests of the town, its residents, businesses, workers and visitors.

This covers many areas of activity:

- Appropriate development
- Transport and traffic issues
- Health and education provision
- Leisure facilities and public spaces
- Conservation areas
- Crime reduction

The Society also promotes new initiatives, local events and encourages everyone to take an interest in the future of Weybridge.

The Society has a long track record of getting results by representing your interests to councils, councillors and local organisations on a non-political basis.
