

# Invitation to our public consultation

Join us for a first look at Socius' proposals for an innovative new Integrated Retirement Community at Members Hill, Weybridge.

Thursday 19th May 2022 – Thursday 2nd June 2022 [membershill.co.uk](http://membershill.co.uk)

## SHARE YOUR THOUGHTS

We are pleased to invite you to take part in our consultation and have your say on our emerging proposals for a new Integrated Retirement Community, supporting the neighbourhood with a range of new community amenities. The involvement of the community which will be crucial to successful proposals coming forward which provide real value to the local community.

There are a number of ways to get involved and share your views:

### JOIN US AT OUR IN-PERSON EVENTS.

Socius will be hosting two in-person events at the former JTI site at Members Hill, located directly off the B374 Brooklands Road. The first event will be on **Saturday 21st May from 10:00am until 2:00pm**. Complimentary refreshments will be provided by Little Gem Coffee Co. and Rustic Bros Pizza. The second event will be on **Wednesday 25th May from 3:00pm until 8:00pm**.

The events will be an opportunity for you to discuss the proposed future of the site with members of the project team and provide feedback. The location is shown on the adjacent map.

### SHARE YOUR VIEWS ONLINE

Our virtual exhibition will launch on **19th May** and can be accessed by **scanning the QR code to the right** or **via [membershill.co.uk](http://membershill.co.uk)** where you can view further information about the site, the emerging plan and provide us with your feedback online.

## OUR PROPOSALS

The proposals will see the repurposing of the existing building and part of the site into an Integrated Retirement Community, with the goal of enhancing the wellbeing of the local community.

The plans will prioritise the sympathetic and sustainable retention of elements of the existing buildings, and will target the highest environmental and wellbeing standards, including an increase in biodiversity and enhancement of the public realm.
